INSTRUCTIONS FOR USE OF THE UNIVERSITY'S TELEPHONE SYSTEM

The University's telephone system serves the Medical Center and Chicago Circle Campuses. The system permits callers outside the University to dial directly to the telephone extension. It does not require that they dial a general number and be connected by a switchboard operator. When giving someone off campus your number, give the University prefix, "966," followed by the four digit number of your extension.

1. To Place Inside Calls:

   A. Other Extensions

      To call other extensions at the Chicago Circle or the Medical Center Campus, Dial 6, then the four digits of the number.

   B. Student Residence Halls — Medical Center

      For the telephone number of persons living in the Student Residence Halls, Dial 6 - 8100.

   C. Hospital Paging — Medical

      To Place a page call, dial 6 - 6780
      To place an emergency page, dial 6 - 6788.

   D. Peoria School of Medicine

      Dial '133' followed by the 4 digit extension number of the party you are calling

   E. Rockford School of Medicine

      Dial '132' followed by the 4 digit extension number of the party you are calling.

   F. Calls to the Urbana Campus

      Dial '174' followed by the last five (5) digits of the telephone number of the party you are calling.

   G. West Side VA Hospital

      Dial '131' followed by the 3 digit extension number of the party you are calling.

2. To Place Business Calls Outside of the University:

   A. **Local Calls** (All numbers within Area Code 312)
      Dial "9" (dial tone will not stop) followed by the telephone number.

   B. **Long Distance** (All numbers outside of Area Code 312)
      (1) Information: Dial "8" + "9" + Area Code + 555-1212
      (2) Station To Station:
      Dial "8", wait for 2nd dial tone, + "9" followed by the three digit area code plus the telephone number.
      (3) Person To Person:
      Dial "8", wait for 2nd dial tone, + "9" + "0" followed by the three digit area code and then the telephone number desired. When the operator answers, give her the name of the desired party.
      (4) Toll Free Calls:
      Dial "9" + 800 + the telephone number

3. Operating Instructions:

In the following operating instructions, the word "switchhook" will appear. The switchhook, on the desk type telephone, is the plastic button located on the top of the telephone set directly under the handle.

On the wall mounted telephone set, the switchhook is the metal mounting that holds the handle on the front of the telephone set.

A. **To Transfer A Call:**

1. From Centrex I Extensions

Only calls from outside the University can be transferred. Depress the switchhook, only once, when the operator answers give her the number to which the call is to be transferred.

2. From Centrex II Extensions

All calls can be transferred without operator assistance whether they originated from inside or outside of the University. Depress switchhook, only once, when dial tone is present dial number desired and when party answers announce call and hang up.

B. **Conference Calls:**

1. From Centrex I Extensions

To establish a conference call between as many as five people, dial "0" and give the operator the conference information. Remain on the line while she completes the arrangements.

To set up a conference in conjunction with an incoming call, depress the switchhook only once; when the operator answers ask for the Conference Operator. Give Conference Operator the required information and notify her that you have an outside party on the line.

2. From Centrex II Extensions

To establish 3-way conference, depress switchhook, only once; this will put first person on hold and give you the dial tone. Dial five digit extension number, when third party answers, depress switchhook once again and conference is established. If third party is "busy" or "does not answer," depress switchhook once again and you return to your original caller.

To establish a conference call between as many as five poeple, dial "0" and give the Conference Operator the conference information. Remain on the line while she completes the arrangements.

To set up a conference in conjunction with an incoming call, depress the switchhook only once, and this will put incoming party on hold. When dial tone is heard, dial "0". Give the Conference Operator the required information. Depress switchhook once again and outside party will be conferenced.

C. **Telephone Repair Service:**

Dial "0" and give the University operator the information.
